RISK FACTORS

2. List in the order of importance the factors which the Company considers to be the most substantial risks to an investor in this offering in view of all facts and circumstances or which otherwise make the offering one of high risk or speculation (i.e., those factors which constitute the greatest threat that the investment will be lost in whole or in part, or not provide an adequate return). You should carefully consider the risks described below before making a decision to invest in our company. Our business, financial conditions or results of operations could be materially adversely affected by any of these risks as well as others. You should be able to bear a complete loss of your investment.

WE HAVE A VERY SHORT OPERATING HISTORY UPON WHICH YOU CAN EVALUATE US.

We have a very limited operating history, having commenced commercial operations in February, 2007. Accordingly, there are no meaningful financial results which you can use to evaluate the merits of making an investment in us. Our business prospects are subject to all the risks, expenses and uncertainties encountered by any new company, as well as the risks of operating in the rapidly evolving markets for singing software products and services. These risks include:

- (1) Our market acceptance is less than expected. It is possible that our products will not be accepted by the market place in the forecasted time frame or in the volume we expect.
- (2) Key employees leave or otherwise become incapacitated.
- (3) Economic recession or other calamity. The uncertain times caused by the world wide war on terror could affect our business as it could any business. Other calamities could also affect our business.
- (4) We don't earn appropriate financing or our finances are depleted faster than expected. We could run out of money and not be able to raise more.
- (5) We overextend ourselves with too many product solutions. However we could make development strategic mistakes which would cost the company substantial time and money.
- (6) Some of the statements under "Prospectus Summary," "Risk Factors," "Plan of Operations" and "Business" and elsewhere in this prospectus are forward-looking statements that involve risks and uncertainties. These forward-looking statements include statements about our plans, objectives, expectations, intentions and assumptions and other statements contained in this prospectus that are not statements of historical fact. You can identify these statements by words such as "may," "will," "should," "estimates," "plans," "expects," "believes," "intends" and similar expressions. We cannot guarantee future results, levels of activity, performance or achievements. Our actual results and the timing of certain events may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such a discrepancy include those discussed in "Risk Factors" and elsewhere in this prospectus. You are cautioned not to place undue reliance on any forward-looking statements.

YOU SHOULD RELY ONLY ON THE INFORMATION CONTAINED IN THIS PROSPECTUS. WE HAVE NOT AUTHORIZED ANYONE TO PROVIDE YOU WITH INFORMATION DIFFERENT FROM THAT CONTAINED IN THIS PROSPECTUS. WE ARE OFFERING TO SELL, AND SEEKING OFFERS TO BUY,

SHARES OF COMMON STOCK ONLY IN JURISDICTIONS WHERE OFFERS AND SALES ARE PERMITTED. THE INFORMATION CONTAINED IN THIS PROSPECTUS IS ACCURATE ONLY AS OF THE DATE OF THIS PROSPECTUS, REGARDLESS OF THE TIME OF DELIVERY OF THIS PROSPECTUS OR OF ANY SALE OF COMMON STOCK.

(7) Because there is no public trading market for our common stock, you may not be able to resell your shares. Therefore there is no central place, like a stock exchange or electronic trading system, to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale. Therefore, you may not be able to resell your shares quickly.

(8) There is no minimum number of shares that must be sold even if we raise a nominal amount of money. We will not refund any funds to you. Any money we receive will be immediately absorbed by MusicXoft, Inc. We may not raise enough money to complete our software development. Money you invest is not refundable under any circumstances. Because there is no minimum number of shares that must be sold, and we will not refund any funds to you, it is possible that we may not raise enough funds to conduct our operations. If that happens, you will suffer a loss in the amount of your investment.

(9) You may be investing in a company that does not have or will not have adequate funds to conduct its operations.

NOTE: In addition to the above risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Disclosure Document potential investors should keep in mind other possible risks that could be important.

BUSINESS AND PROPERTIES

3. With respect to the business of the Company and its properties:

(a) Describe in detail what business the Company does and proposes to do, including what products or goods are or will be produced or services that are or will be rendered.

MusicXoft is a high technology software development and system integration sales and marketing organization. We are focused on the music and singing industry. We produce simple, powerful and value priced Personal Computer Singing/Karaoke *Software*. Pre loaded CD+G/MP3+G song delivery and storage on computer hard drives and inexpensive PC hardware. Integrated, fully loaded turn key solutions. Touch screens within the venue for song and singer entry into the KJ's rotation. (Professional + Version). Full karaoke functionality for the IPOD and ZUNE platforms (Revision 2 or 3

(b) Describe how these products or services are to be produced or rendered and how and when the Company intends to carry out its activities. If the Company plans to offer a new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the Company, and the estimated amount. If the Company is or is expected to be dependent upon one or a limited number of suppliers for essential raw materials, energy or other items, describe. Describe any major existing supply contracts.

Our initial products are currently under development in Mysore, India. The products are approximately three months from initial introduction. We currently have "screen shots" and conceptual software architectures complete but not working prototype. Working prototype will be available during May, 2007. Introduction will require a material amount of company resources in the amount of approximately \$75,000. The company is dependent on our developmental contractor to complete our software development. We are also relying on the contractor for the quality and functionality of our products. We have a fixed price contract for the completed product with Nexshore Technologies of Mysore, India. Nexshore is a significant stockholder in MusicXoft, Inc.

(c) Describe the industry in which the Company is selling or expects to sell its products or services and, where applicable, any recognized trends within that industry. Describe that part of the industry and the geographic area in which the business competes or will compete. Indicate whether competition is or is expected to be by price, service, or other basis. Indicate (by attached table if appropriate) the current or anticipated prices or price ranges for the Company's products or services, or the formula for determining prices, and how these prices compare with those of competitors' products or services, including a description of any variations in product or service features. Name the

principal competitors that the Company has or expects to have in its area of competition. Indicate the relative size and financial and market strengths of the Company's competitors in the area of competition in which the Company is or will be operating. State why the Company believes that it can effectively compete with these and other companies in its area of competition.

Today, equipment to play karaoke shows or personal karaoke is based almost entirely on outdated karaoke CD+G players. These players are like normal CD players but will also read and simultaneously display the timed un-scored lyrics to a song on a connected TV screen. These players are manufactured by the big named electronics manufacturers like Pioneer, SONY and by a variety of "off brand" manufacturers. Sometimes the player will have an automatic disc changer which picks out and loads the song disc into the player. Also there are "all in one players" which also have a built in TV and speakers. These players and related equipment cost from \$500 up to several \$1,000s.

The world wide market for everything Karaoke is estimated at approximately \$12 Billion + and continues to grow at approximately 16% per year. The world wide market for all things Karaoke is estimated at \$12 billion and growing at 16% per year. According to *Japan Amusement Monthly* and reprinted in "*Karaoke around the world*" the Karaoke business in Japan sees annual sales in the US\$10 billion range and is growing at approximately 15% per year. This estimate covers all things Karaoke including Karaoke players & music, peripheral devices, fees to sing at Karaoke Bars/Boxes and food and beverage at these venues. In Japan the Karaoke market is roughly divided into the "day" market which is supported by housewives, high school students and lunch time users, and the "night" market. Another market division is based on places: bars and clubs, karaoke boxes, restaurants and homes. In North America, bars and clubs, education, restaurants and homes make up the majority of the market. The Karaoke Box does not exist in any number outside of Japan and other than the home use, "night" users are predominate.

The worldwide market for our Karaoke software is segmented into three broad markets. Professional, Education and the Personal & Home amateur market. We are developing or plan to develop products that reach all segments of the market. We consider personal computers and personal hand held music devices to be "platforms" for our software offerings.

Our strategy will work against competition for the following reasons.

- *Our in depth understanding of customer needs:* We are experts in Karaoke. We have followed the market since its inception. We understand the limitations of the current obsolete player hardware and the potential of the emerging PC based singing systems. We are long term system users.
- *Our Development Strategy:* All of our software will be developed in India. This allows us to develop powerful software products at a reduced cost. We will be able to react to market opportunities faster and with better products than our competition.
- *Our Product Strategy:* Our guiding product principal is to carry or add products that enable us to penetrate client organizations, and then to fully capitalize on the consequent relationships.
- *Our Product Mix:* We offer multiple software product solutions to satisfy customer's individual requirements.
- *Our Value Pricing:* We insure that our customers receive the best possible price for their purchases.
- *Our Unwavering Support:* We always support our customers. Good service is one of the foundations of MusicXoft.
- *Our Sales and Marketing Investments:* Our primary company investments are in our sales, marketing and product development departments. All of our employees work extra hard to provide the right technical solution, at the right time, to the right buyer, for the right price.

Note: Because this Disclosure Document focuses primarily on details concerning the Company rather than the industry in which the Company operates or will operate, potential investors may wish to conduct their own separate investigation of the Company's industry to obtain broader insight in assessing the Company's prospects.

(d) Describe specifically the marketing strategies the Company is employing or will employ in penetrating its market or in developing a new market. Set forth in response to Question No. 4 below the timing and size of the results of this effort which will be necessary in order for the Company to be profitable. Indicate how and by whom its products or services are or will be marketed (such as by advertising, personal contact by sales representatives, etc.), how its marketing structure operates or will operate and the basis of its marketing approach, including any market studies. Name any customers that account for, or based upon existing orders will account for, a major portion (20% or more) of the Company's sales. Describe any major existing sales contracts.

Our marketing strategy is heavily built around our portal. The MusicXoft portal will be a forum, a blog, a information resource, a customer support tool, a selling tool and a product store. Our store will give the user an easy method for downloading our software, paying for the software and receiving the license keys necessary to run the software. We will not offer trial versions for an number of reasons. However, we will offer the free Songster Player in lieu of trial versions. This portal will be operational simultaneously with product release. Our pricing is built around value. We offer products that give our customers unparallel value for their money. While price is always a consideration for any product, we offer solutions that cannot be matched by competition – at any price.

MusicXoft will utilize a number of promotional Techniques. We will attend trade shows both as an exhibitor and as an attendee. We will hold singing contests worldwide. We will promote singers we discover. We will encourage all levels for participation from the young to the old. We will utilize direct and indirect telemarketing, direct mail and Ecommerce. We will use any and all promotion strategies that best fit the markets and products being promoted. We will market our products via Internet Portals, Dealers, Distributors, Retail at both Karaoke Shops, Traditional Music Stores and TV Shopping Networks. Our sales organization is the lifeblood of our company. Our capability to sell our products and to satisfy our customer business

requirements is fundamental to our existence. MusicXoft's sales organization utilizes a direct outside sales force, an inside sales force, direct and contract telemarketing and a network of independent sales representatives, and the Internet for Ecommerce. We reward everyone in the company with commissions, bonuses and incentives based on overall company sales performance.

The worldwide market for our software is segmented into three broad markets. Professional, Education and the Personal & Home markets. We are developing or plan to develop products that reach all of these segments. We consider personal computers and personal hand held music devices to be "platforms" for our software offerings. We have no large existing sales contracts and no customer who totals more than 20% of our business.

(e) State the backlog of written firm orders for products and/or services as of a recent date (within the last 90 days) and compare it with the backlog of a year ago from that date.

As of: 3/5/2007 \$ 0
(a recent date)

As of: 3/5/2007 \$ 0
(one year earlier)

Explain the reason for significant variations between the two figures, if any. Indicate what types and amounts of orders are included in the backlog figures. State the size of typical orders. If the Company's sales are seasonal or cyclical, explain.

There are no variations because we are an upstart company. We have no backlog. The size of our typical order is approximately \$200. Our company sales are not seasonal and cyclical.

(f) State the number of the Company's present employees and the number of employees it anticipates it will have within the next 12 months. Also, indicate the number by type of employee (i.e., clerical, operations, administrative, etc.) the Company will use, whether or not any of them are subject to collective bargaining agreements, and the expiration date(s) of any collective bargaining agreement(s). If the Company's employees are on strike, or have been in the past three years, or are threatening to strike, describe the dispute. Indicate any supplemental benefits or incentive arrangements the Company has or will have with its employees.

At initial charter the company has two employees and we anticipating growing to twenty one in the next twelve months. We have no labor problems or collective bargaining agreements and do not anticipated any. The company will insure that each employee has significant stock options as a performance incentive.

(g) Describe generally the principal properties (such as real estate, plant and equipment, patents, etc.) that the Company owns, indicating also what properties it leases and a summary of the terms under those leases, including the amount of payments, expiration dates and the terms of any renewal options. Indicate what properties the Company intends to acquire in the immediate future, the cost of such acquisitions and the sources of financing it expects to use in obtaining these properties, whether by purchase, lease or otherwise.

The Company is headquartered in Orlando, Florida in office suite type facilities. Our R&D resources are located in Bangalore and Mysore, India. Most employees work from virtual offices using the Internet as their primary collaboration and management tool. Management feels that physical location is becoming less and less of an issue in today's Internet world.

(h) Indicate the extent to which the Company's operations depend or are expected to depend upon patents, copyrights, trade secrets, know-how or other proprietary information and the steps undertaken to secure and protect this intellectual property, including any use of confidentiality agreements, covenants-not-to-compete and the like. Summarize the principal terms and expiration dates of any significant license agreements. Indicate the amounts expended by the Company for research and development during the last fiscal year, the amount expected to be spent this year and what percentage of revenues research and development expenditures were for the last fiscal year.

Our business is dependent on patents, copyrights, trade secrets, know how or other proprietary information. We have taken the appropriate steps to protect our intellectual property.

(i) If the Company's business products, or properties are subject to material regulation (including environmental regulation) by federal, state, or local governmental agencies, indicate the nature and extent of regulation and its effects or potential effects upon the Company.

We are not subject to material regulation by any level of government either foreign or domestic.

(j) State the names of any subsidiaries of the Company, their business purposes and ownership, and indicate which are included in the Financial Statements attached hereto.

The company has no subsidiaries

(k) Summarize the development of the Company (including any material mergers or acquisitions) during the past five years, or for whatever lesser period the Company has been in existence. Discuss any pending or anticipated mergers, acquisitions, spin-offs or recapitalizations. If the Company has recently undergone a stock split, stock dividend or recapitalization in anticipation of this offering, describe (and adjust historical per share figures elsewhere in this Disclosure Document accordingly).

MusicXoft, Inc. is in the formulation stage and has no significant history.

4. (a) If the Company was not profitable during its last fiscal year, list below in chronological order the events which in management's opinion must or should occur or the milestones which in management's opinion the Company must or should achieve in order for the Company to become profitable, and indicate the expected manner of occurrence or the expected method by which the Company will achieve the milestones.

Music Soft is a start-up organization with no significant history

Event or Milestone		
	Expected manner of occurrence or method of achievement	Date, or number of months after receipt of proceeds, when should be accomplished
(1) Development Spec's	Collaboration	Proceeds – one month
(2) Initial Product – Player +	Intensive software development	Proceeds + three months
(3) Portal complete	Intensive software development	Proceeds + three months
(4) Rev. One complete	Intensive software development	Proceeds + six months
(3) IPOD/ZUNE complete	Intensive software development	Proceeds + nine months

(b) State the probable consequences to the Company of delays in achieving each of the events or milestones within the above time schedule, and particularly the effect of any delays upon the Company's liquidity in view of the Company's then anticipated level of operating costs. (See Question Nos. 11 and 12)

Note: After reviewing the nature and timing of each event or milestone, potential investors should reflect upon whether achievement of each within the estimated time frame is realistic and should assess the consequences of delays or failure of achievement in making an investment decision.

OFFERING PRICE FACTORS

If the securities offered are common stock, or are exercisable for or convertible into common stock, the following factors may be relevant to the price at which the securities are being offered.

5. What were net, after-tax earnings last year? (If losses, show in parenthesis.)

Total \$ 0
securities sold: \$ 0

Per share based upon number of shares outstanding after this offering if all

6. If the Company had profits, show offering price as a multiple of earnings. Adjust to reflect for any stock splits or recapitalization, and use conversion or exercise price in lieu of offering price, if applicable.

<u>Offering Price Per Share</u>	=	
Net After-Tax Earnings		(price/earnings multiple) NOT APPLICABLE
Last Year Per Share		

7. (a) What is the net tangible book value of the Company? (If deficit, show in parenthesis.) For this purpose, net tangible book value means total assets (exclusive of copyrights, patents, goodwill, research and development costs and similar intangible items) minus total liabilities.

\$ 0
this offering: \$ 0

Per share based upon number of shares outstanding immediately prior to

If the net tangible book value per share is substantially less than this offering (or exercise or conversion) price per share, explain the reasons for the variation.

(b) State the dates on which the Company sold or otherwise issued securities during the last 12 months, the amount of such securities sold, the number of persons to whom they were sold, any relationship of such persons to the Company at the time of sale, the price at which they were sold and, if not sold for cash, a concise description of the consideration. (Exclude bank debt.)

There were no securities sold or offered in the last 12 months.

8. (a) What percentage of the outstanding shares of the Company will the investors in this offering have? (Assume exercise of options, warrants or rights and conversion of convertible securities.)

If the maximum is sold: 45.7%

If the minimum is sold: 17.6%

(b) What value is management attributing to the entire Company by establishing the price per security set forth on the cover page (or exercise or conversion price if common stock is not offered)? (Total outstanding shares after offering times offering price, or exercise or conversion price if common stock is not offered.)

If maximum is sold: \$325,000

If minimum is sold: \$125,000

(For above purposes, assume convertible securities are converted and outstanding options exercised in determining "shares")

Note: After reviewing the above, potential investors should consider whether or not the offering price (or exercise or conversion price, if applicable) for the securities is appropriate at the present stage of the Company's development.

The success of MusicXoft is based upon several key factors.

- *Value Creation:* It is critical to our success that we create value for our customers, employees and investors through optimum alignment of the needs of each.
- *Quality Products:* Our software products are will be developed entirely off shore in India by highly regarded developers. Our costs will be lower and our market responsiveness higher.
- *Distributor Relationships:* We must aggressively develop and expand strong distributorship relationships.
- *Adequate and timely financial investments:* We must raise the necessary investment capital.
- *Execution of our plan:* We must effectively and relentlessly execute our plan.
- *Timely and quality product development:* We must constantly expand our portfolio of top quality products.

- *Infrastructure and organization development:* We must continue to enhance our management, administrative, sales and marketing team.

Our primary company objectives are to:

- Build brand name dominance in order to become the "absolute standard" in the industry.
- Develop quality software off shore in India and maintain tight cost controls.
- Deliver to our customer's rock solid technology solutions and capabilities of unmatched value.
- Capitalize on our success and use this as a catalyst for future success.
- Provide our investors with a superior financial return through close attention to revenue production at the lowest possible effective cost. Allow our investors to recover the value of their investment in four years or less.
- Provide our employees with a prosperous and growing business environment that encourages them to substantially benefit from their contributions.
- Gain a dominant market share in the products, geography, markets and customers where we have elected to participate.
- Drive innovative marketing programs and sales tactics that will speed up the buying and implementation process for our products, and bring value to our customers faster.

FINANCIAL STATEMENTS

46. Attach reviewed or audited financial statements for the last fiscal year and un-audited financial statements for any interim periods thereafter. Please see PART III EXHIBITS for complete pro-forma un-audited financial statements.

The Company does hereby agree to provide to investors in this offering for five years (or such longer period as required by law) hereafter annual financial reports containing a balance sheet as of the end of the Company's fiscal year and a statement of income for said fiscal year, all prepared in accordance with generally accepted accounting principles and accompanied by an independent accountant's report. If the Company has more than 100 security holders at the end of the fiscal year, the financial statements shall be audited.

MANAGEMENT'S DISCUSSION AND ANALYSIS

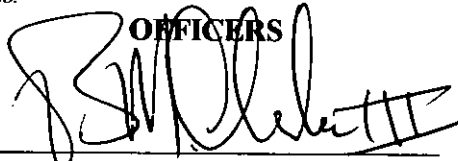

47. If the Company's financial statements show losses from operations, explain the causes underlying these losses and what steps the Company has taken or is taking to address these causes.
We expect to incur some early losses from operations.
48. Describe any trends in the Company's historical operating results. Indicate any changes now occurring in the underlying economics of the industry or the Company's business which, in the opinion of Management, will have a significant impact (either favorable or adverse) upon the Company's results of operations within the next 12 months, and give a rough estimate of the probable extent of the impact, if possible.
MusicXoft is a early stage company with no historical operating results.
49. If the Company sells a product or products and has had significant sales during its last fiscal year, state the existing gross margin (net sales less cost of such sales as presented in accordance with generally accepted accounting principles) as a percentage of sales for the last fiscal year: %. What is the anticipated gross margin for next year of operations? Approximately %. If this is expected to change, explain. Also, if reasonably current gross margin figures are available for the industry, indicate these figures and the source or sources from which they are obtained.
50. Foreign sales as a percent of total sales for last fiscal year: %. Domestic government sales as a percent of total domestic sales for last fiscal year: %. Explain the nature of these sales, including any anticipated changes:
The company has had no sales to date.

SIGNATURES

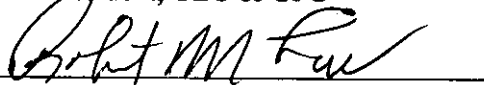

A majority of the Directors and the Chief Executive and Financial Officers of the Company shall sign this Disclosure Document on behalf of the Company and by so doing thereby certify that each has made diligent efforts to verify the material accuracy and completeness of the information herein contained. By signing this Disclosure Document, the Chief Executive and Chief Financial Officers agree to make themselves, the Company's books and records, copies of any contract, lease or other document referred to in the Disclosure Document, or any other material contract or lease (including stock operations and employee benefit plans), except any proprietary or confidential portions hereof, and a set of the exhibits to this Disclosure Document, available to each investor prior to the time of investment, and to respond to questions and otherwise confirm the information contained herein prior to the making of any investment by such investor.

The Chief Financial Officer signing this form is hereby certifying that the financial statements submitted fairly state the Company's financial position and results of operations, or receipts and disbursements, as of the dates and period(s) indicated, all in accordance with generally accepted accounting principles consistently applied (except as stated in the notes thereto) and (with respect to year-end figures) including all adjustments necessary for fair presentation under the circumstances.
